Step 4 of 4

Brain dump

What's on your plate right now? Don't worry about formatting. Just dump it.

Voice capture needs a browser with speech recognition (Chrome or Edge). This browser does not have it, so type below instead.

DEMO Insert a sample transcript

DEMO Sample transcript inserted. It did not come from your microphone.

or type it out

I have a database proposal for IT 306D due Friday. I need to do the methodology and results sections, probably 3 hours total. I also have a math quiz for SIA on Wednesday, should study about 2 hours. And I need to buy groceries sometime this week.

SIA | Medium | Long session

SUGGESTED WAY TO WORK

Pomodoro

You have 2 hrs planned and no fixed commitment in the way before your 2 PM IT 306D. That is room for 4 rounds of 25 minutes with short breaks.

4 × 25 min focus with 5 min breaks.

Task chunking
3 steps. This sitting: 2 hrs.

Pomodoro Suggested
4 × 25 min focus with 5 min breaks.

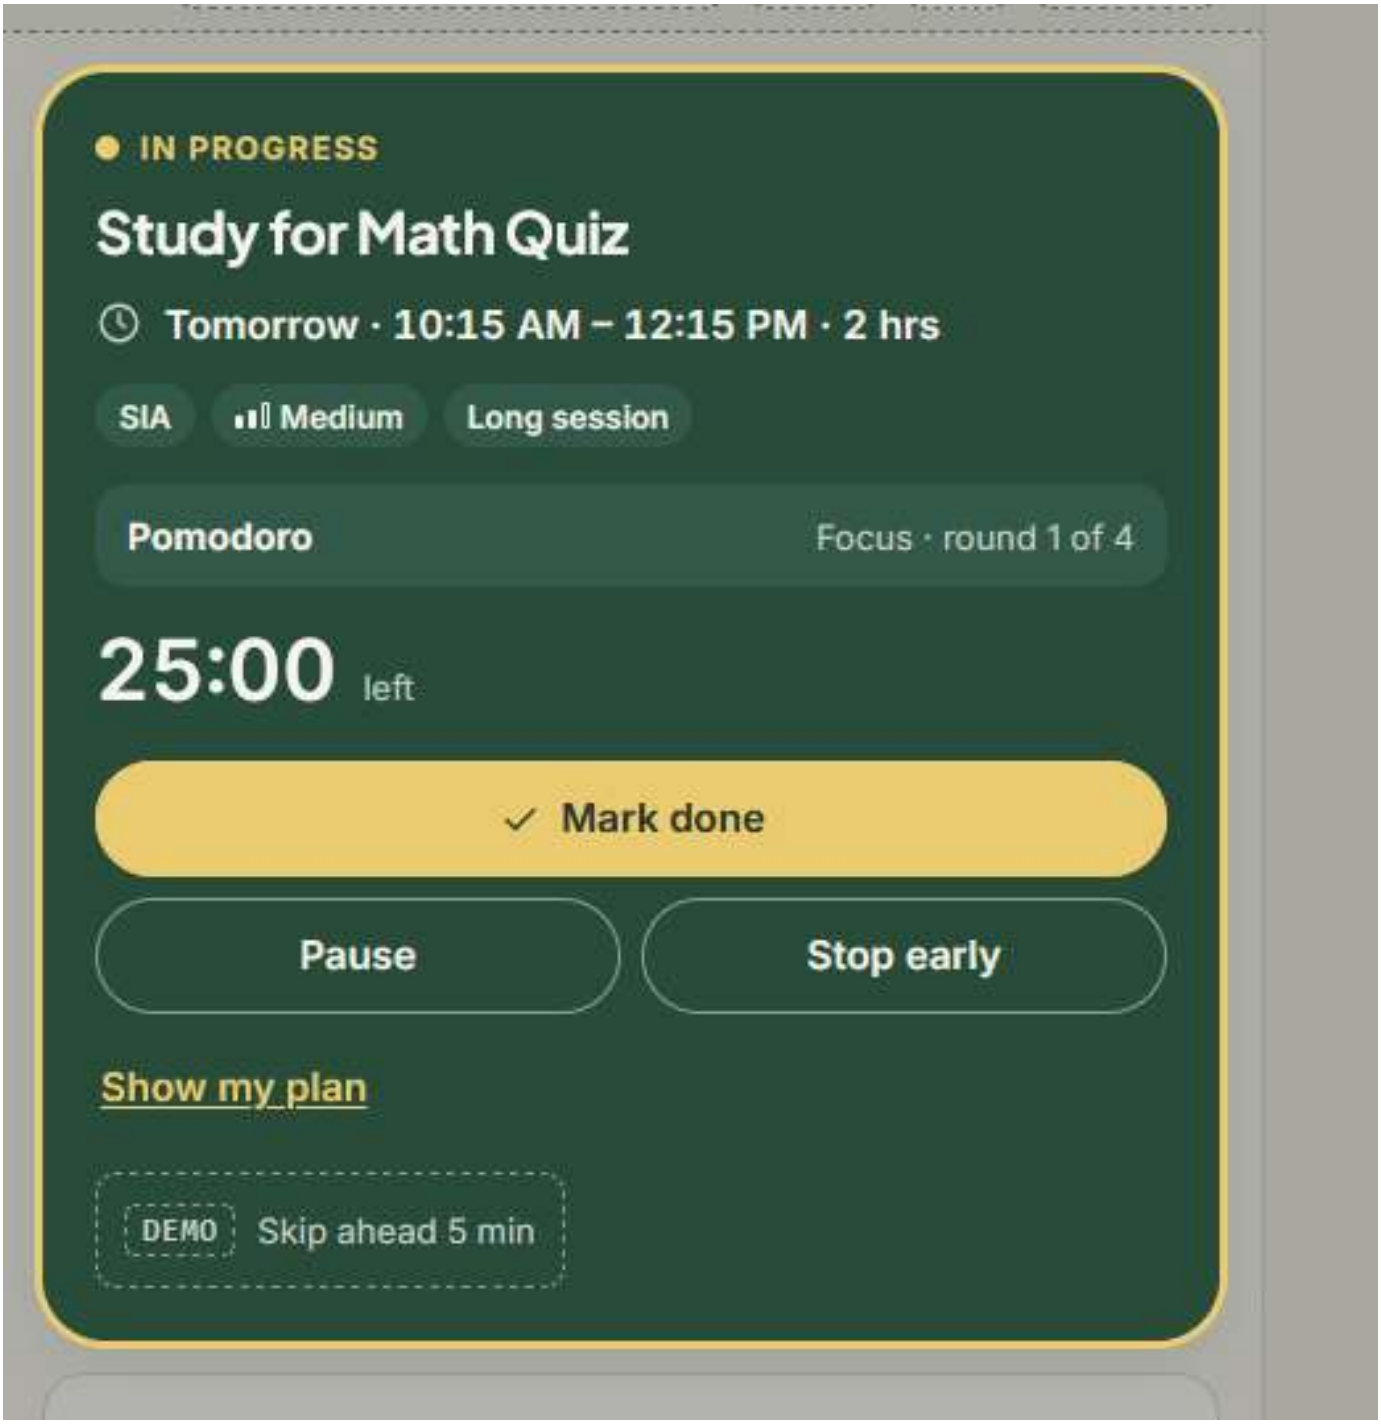

Timeboxing
A single block of 2 hrs.

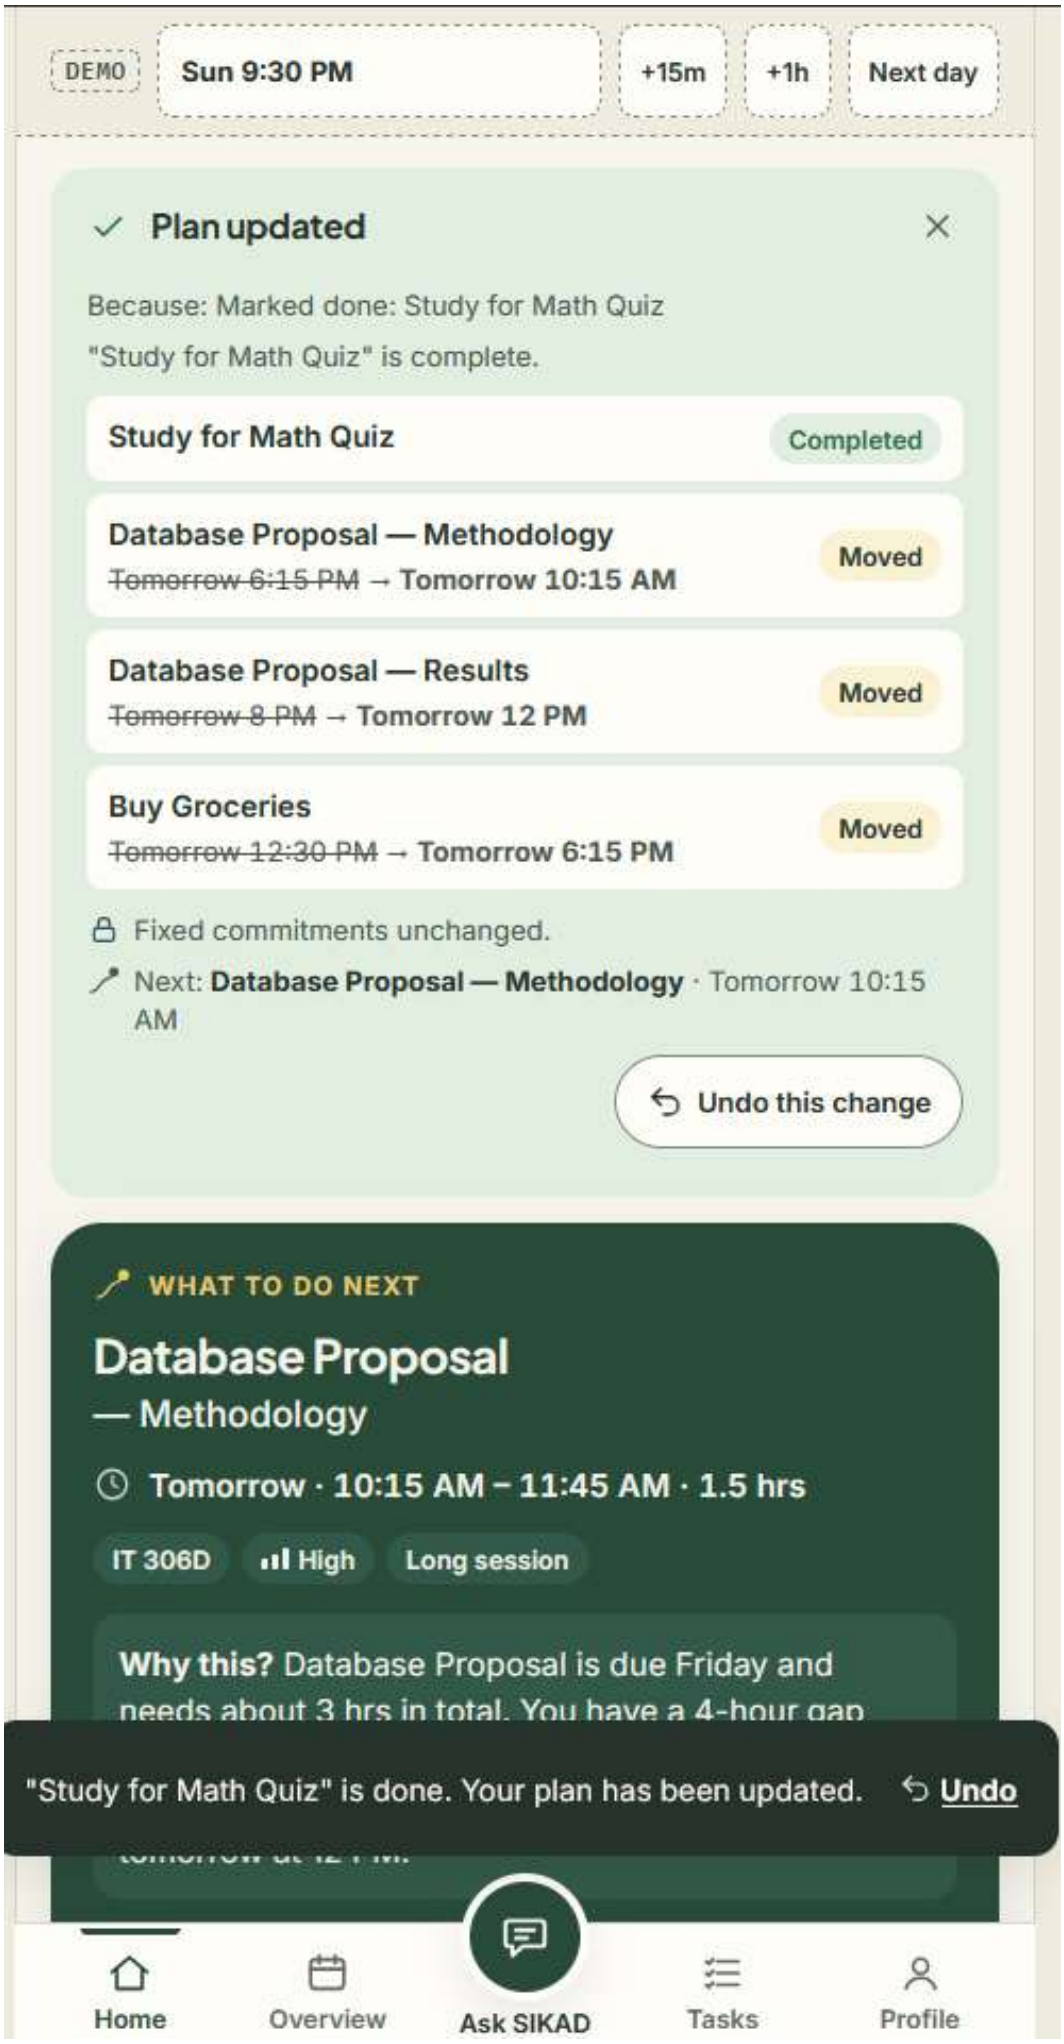

No method
A running timer with no set structure.

A suggestion from this session's length and your schedule. Pick whatever suits you.
